BE A PART OF IDRISSI FAMILY

You are now a step closer to eco-schools that stimulate creativity, schools that do not limit thoughts and expression and schools that are in one with nature. Come and be surprised!

OUR HOMELY SCHOOLS

IDRISSI Schools exude a homely learning environment once you step in. The schools guide students with love and seed their love for all creatures. It is a place where human values are nourished and exemplified in all facets of school life.

The school was founded by individuals who are parents themselves - they believe that learning should not be limited four walls and that is not the only way to learn. Our schools are equipped with future skills to grow a sustainable generation.

Our eco-schools follow an International curriculum for children and youth to become the lynchpin of their generation! There are now IDRISSI International Schools in Setia Alam, Selangor and EduCity Iskandar Puteri, Johor.

IDRISSI INTERNATIONAL SCHOOL SETIA ALAM

IDRISSI School in Setia Alam, Selangor follows the Cambridge International Curriculum and is infused with Islamic and eco-values.

Our main goal is to nurture our children into holistic individuals by integrating the knowledge and values of dunya and akhirah.

IDRISSI INTERNATIONAL SCHOOL @ EDUCITY ISKANDAR PUTERI

IDRISSI School in EduCity Iskandar Puteri, Johor follows the Cambridge International Curriculum infused with moral-based education and eco-awareness of the environment.

The global presence in IDRISSI@EduCity Iskandar Puteri centers around a modest, conventional atmosphere. It is a place where students are guided by their interest, knowledge and curiosity with a nourishment of human values that are exemplified in all facets in life. We encourage them to excel in what they do best while experiencing life in the 21st century community.

Our boarding facilities are available at EduCity Iskandar Puteri campus.

NATURE-BASED PRESCHOOL

BE IMAGINATIVE

IDRISSI@EduCity Iskandar Puteri Nature-Based Preschool offers wonderful adventures that await children in every corner. To fuel children's natural wonder and make learning more vibrant, our corner-based learning is bookless and uses skills-centric mediums.

CORNER-BASED LEARNING FOR SKILLS- CENTRIC EDUCATION

Travel from one corner to another for an eye-opening learning experience.

LITERACY CORNER

Jolly Phonics can ensure good English usage at a young age. Children will experience enjoyable mixture of activities such as storytelling, singing, show and tell time and drama!

NUMERACY CORNER

Mathematics exploration is more entertaining with creative mediums like sand, water, imaginative play, dough and also nature. As they play, this corner will expose them with numbers, shapes, patterns and more!

NATURE-BASED CORNER

Time spent outdoors is great for emotional and physical well-being. Children explore nature-related skills and concepts that cannot be found in other places such as gardening, handling delicate seeds and harvesting healthy snacks from vegetables.

MAKE & TAKE CORNER

Each child is born creative but they will not know it until they get messy. Various choices of art mediums and techniques are available for them to learn from building 3-dimensional objects, colour mixing, finger-painting and more.

HAPPINESS CORNER

Let your child learn the Quran and pick up languages in a fun way they have never been exposed to. In this corner, they will learn how to read Malay and Arabic syllables and expand their reading skills through various mediums of play.

CREATE AND CONNECT CORNER

Help your child build a positive self-esteem through different actions. Having a healthy self-esteem since early childhood is helpful for your child to begin exploring the world and getting along with everyone around them.

CIRCLE TIME

Every child needs to feel belonged. During Circle Time, children and teachers will huddle together, share their thoughts and feelings and are briefed about the day's activities.

LOVING AFTER-CARE PROGRAMME

Have peace of mind while you leave your little ones to our care. Call us to know more.

PRIMARY

BE INQUISITIVE

IDRISSI@EduCity Iskandar Puteri, students are free to explore their interests and learn in a bookless medium to provide comfortable and wholesome learning. Their well-being is ensured and their right respected in a fun and homely environment.

We remove one-syllabus-fits-all to develop a future generation that is flexible and sustainable.

INTERNATIONAL CURRICULUM

Cambridge International Examination
Key Stage 1 (KS1) - Year 1 and Year 2
Key Stage 2 (KS2) - Year 3 to Year 6

IDRISSI@EduCity Iskandar Puteri Learning System provides balanced education that connects and engages students rather than focusing, memorising or regurgitation. At the end of Key Stage 2, students will be assessed through Cambridge Primary Checkpoint test administered by the Cambridge International Examinations.

A WHOLESOME CURRICULUM

IDRISSI@EduCity Iskandar Puteri offers both a practical and meaningful curriculum to prepare our students for the future that is hard to envisage. We nurture the love for learning, the desire to explore, and the ability to integrate lessons across all syllabus.

SECONDARY

BE INNOVATIVE

Our holistic approach in secondary school allows students to learn not only in fully-facilitated classroom but walk into real scenarios, address problems and brainstorm workable solutions. That is part of the change that students go through in secondary level.

INTERNATIONAL CURRICULUM

Cambridge International Examination
Key Stage 3 (KS3) - Year 7 to Year 9
Key Stage 4 (KS4) - Year 10 and Year 11

Leading to International General Certificate of Secondary Education (IGCSE), we offer a British International syllabus with a unique blend of 21st century skills and extra-curricular programs for a wholesome and enhanced learning and life experiences for students.

Apart from the core Cambridge subjects namely English, Mathematics, and Science, we also offer other advanced lessons ranging from social sciences, arts and technology. Cambridge helps students build skills in creative thinking, enquiry, and problem-solving, so they become confident, responsible, reflective, innovative, and engaged. With Cambridge qualifications and a great mixture of 21st century teaching and learning, the world is within your reach.

- A board and balanced curriculum:
- 10 subjects [including English, Mathematics and Science]
 - Classroom and external assessments

Cambridge Upper Secondary

- A wide choice of subjects at:
- Cambridge IGCSE

COOL-CURRICULUM

BE EXCEPTIONAL

Our learning system sets us apart. We offer various lessons and activities to inculcate the love for lifelong learning among youths.

VALUE EDUCATION PROGRAMME (VEP)

Inculcate valuable human values by being involved in community works. Learn that taking a little action can have a bigger impact.

FINANCIAL LITERACY PROGRAMME (FLiP)

Instil good money management skills and understand correlation between earning, budgeting, spending, saving, debt, investing and giving in any economic situations.

JUNIOR AWARD SCHEME FOR SCHOOLS (JASS) PROGRAMME

Create a wholesome individuality in four key areas: regular physical activity, exploring personal interest, working for the good of the community or environment and completing an outdoor activity or challenge.

ECO-SCOUTS

Participate in life-changing actions that involve physical activities, skills development and community engagement through eco-friendly drive and lifestyle.

THE DUKE OF EDINBURGH'S INTERNATIONAL AWARD (DofE)

Time to explore passions and be recognised for it. This award brings an added advantage to students' portfolios as well as achieving study-life balance.

SKILL & FILL

Enjoy archery as part of the school's curriculum. Shooting a bow increases confidence while exercising focus and patience.

AFTER-SCHOOL CLUBS

Children in IDRISSE@EduCity Iskandar Puteri will never get enough of learning. Therefore, we provide a range of after-school clubs for students to join if they wish to indulge themselves with experience beyond classroom walls.

STEM ROBOTICS

Develop robots and solve everyday problems that go well together with other subjects such as Mathematics, coding, engineering, science and technology which will all lead to innovation.

OUR CAMPUS

BE HERE

Learning is not limited only in the classroom. Our facilities include modern science labs, ICT suites as well as libraries. Our farm patches, mini petting farm and recycling area allow students to experience the real eco-adventures. The natural greenery around school offers the children the chance to run around and recharge during play time or after classes.
